

It Is Not If... But When

Will You Be Ready?

You Will if You Prepare Now!

We will help you prepare for the unforeseen, whether it is a hurricane, flood, terrorist attack , earthquake or other natural or man made disaster.

As members of The American Society of Safety Engineers we take health and safety as a very serious and sober commitment. We attend many of the various chapter meetings that include presentations on current and timely safety related topics. Also we receive information via the internet that may make a positive difference in your safety performance.

If you would like us to pass along any information, have any questions or if you would like to attend any of the A.S.S.E. Chapter meetings please contact me.

We are capable of supplying you with the products that will help you provide for those you may be responsible for, should a disaster occur.

Our catalog represents the products that our client's have requested. This is your catalog. Your feedback is appreciated and is critical to our success . If you have any items of interest not shown in our catalog, please let us know and we will do our utmost to find them. We have access to over 4,500 suppliers and should be able to support your needs.

Thank you for your interest, we look forward to serving you.

Very Truly Yours,

Richard W. Loscutoff

First Aid and Hygiene

Portable Toilet and Waste System

A complete waste system, conveniently available in a Backpack

When Disaster Strikes
Use ThePETT® Toilet System

Sanitary
Reduce risks of disease and infections. Clean and spill proof. TheWAG BAG® waste bag fits over or under the seat. Everything stays in the bag. Completely hygienic.

Portable
Folds to 5' x 19" x 14" Weighs 7 lbs. Same seat & bowl size of a standard toilet.

Convenient
Sets up in seconds. Compact Dry Toilet System requires no water, and provides for secure, private and dignified use.

Discreet
Our waste treatment powder turns liquid to solid. After use, simply remove the bag, zip it up and dispose in the trash. Landfill approved.

More people are killed by disease after a disaster than the disaster itself. Containment of human waste is vital to reduce infection and disease.

ThePETT® toilet system's durable and lightweight design makes human waste containment sanitary, convenient and a real time and life-saver. The privacy shelter doubles as a decontamination shelter.

Here's what a few of our customers have to say about ThePETT® toilet system.

"It (ThePETT®) fits perfectly in our 72-hour kit."

"It's an efficient and sanitary bathroom facility during any emergency or lockdown situation."

"ThePETT® system was so much more pleasant to use than the public facility set up for the last hurricane and it didn't smell bad."

Use it! Zip it! Toss it!

Phillips Environmental Products, Inc.
1000 N. 10th St. • Fort Worth, TX 76102 • 817-335-1100 • www.thepett.com

A sturdy sanitary portable toilet constructed to withstand tough situations. It conveniently folds and is stored in its own carrying case.

The WAG™ Bag Pack—a toilet in a bag!!

Each WAG™ bag system is a double bag. They are durable with the outer disposal bag having a zip lock closure. Both bags are made of a puncture resistant material. The system is complete with pre-loaded Pooh-Powder™

The powder is non-toxic it gels the waste and removes odors. This system along with the biodegradable bag is approved for landfill disposal.

Each kit contains:

- Toilet paper & hand sanitizer.
- One waste bag with gel powder & one zip lock disposal bag.

The Wag Bags™ are available in packs of 24 or 100 pieces.

The Pooh Powder™ is available in 120 use pails with a scoop included. One scoop gels up to 21oz. of liquid.

When Disaster Strikes, You're on Your Own... READY?

Disaster Preparedness Kits

Because Life is Precious and it is not if, but.....

WHEN a disaster will strike

When assistance is unavailable what will help you and those you are responsible, for survive??

Our survival supplies will!!!

Mainstay Food Rations has emerged as a product unlike any other. Before it came into being, emergency food bars had a very short life span.

Survivor Industries changed all that when it created a great tasting, non thirst provoking product with an extraordinary five year shelf life.

Mainstay is specially formulated for land based high stress situations. Each package contains pre-measured 400 calorie meals, which allow a person to get their full nutrition in a quick, tasty form.

Mainstay emergency drinking water has a five year shelf life and is easy to store. Each packet contains 4.225 oz. of water.

Our food bars are pre- packaged in three sizes of total calories.

Our 3600 calorie package contains nine each 400 calorie servings.

Our 2400 calorie package contains six each 400 calorie servings.

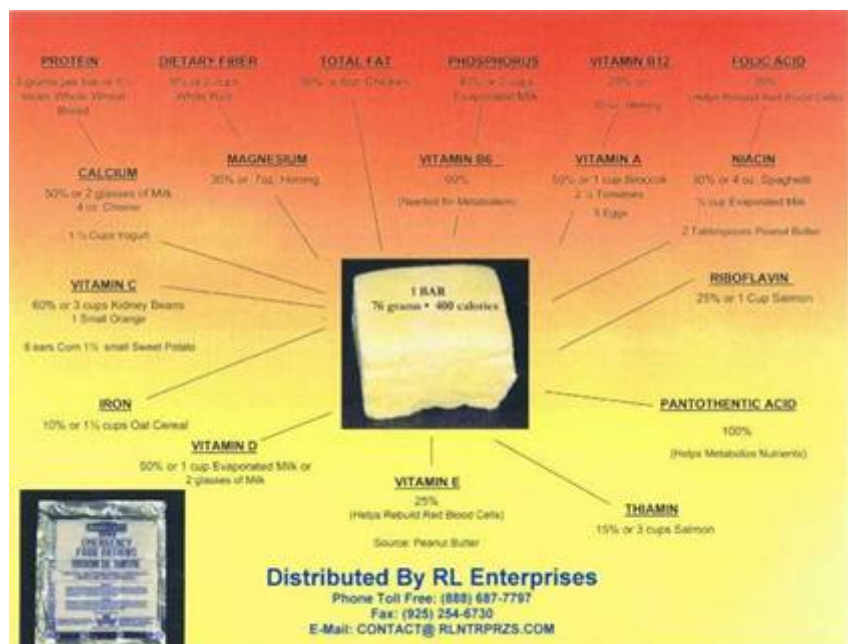

Our 1200 calorie package contains three 400 calorie servings.

A five year shelf life for water and food

Meets SOLAS 74/83 Requirements

Food meets U.S. Coast Guard Approved (160.046/20/0) and Water 160.026/63/1

Food withstands -40 to 300 degrees and water -40 to 210 degrees Fahrenheit

How Long Can These Meals Be Stored?

Based on the temperature in storage, these meals can be safely stored up to 10 years. In normal temperatures of 72-80 F the meals will safely store for 7 years.

MRE (Meals Ready to Eat) means that all the contents are fully cooked and can be eaten hot or cold. Each MRE has an average of 1,000-1,300 calories, which replicates the calorie count of a complete meal. There is no need to add water to an MRE. Simply open the pouch and enjoy! MRE's are perfect for any outdoor use and/or emergency situation. Their aluminum thermo stabilized pouches provide a long shelf stable without refrigeration. Many private entities, law enforcement, hospitals, fire departments, FEMA, Red Cross and government agencies storage depend on MRE's as part of their emergency plan for food supplies.

International Meals Supply is an American Company which boasts more than 30 years in the food industry. Their staff is highly recognized in the retort food industry and is extremely knowledgeable in the area of food shelf life. All of the MRE's are manufactured in the U.S.A. and their plants are USDA/FSIS as well as FDA approved. They manufacture their meals under strict quality control using HACCP regulations which ensures quality control that meets the highest standards in the food industry.

They are a senior and trusted supplier to many private organizations around the world. In the U.S.A., they are proud to be a certified supplier of emergency rations for the DOD/DLA, Defense Supply Center Philadelphia.

Shelter and Warmth Shelters

Portable Rigid Frame Quick Erect DeCon Shelter

The Portable Quick Erect Shelter is specifically designed for quick setup and deployment in virtually any geographical location. It is well suited for most environmental conditions. The Quick Erect Shelter can be deployed and used for virtually any type of application and need. The system is extremely cost effective, durable and lightweight. Sets up in 20-30 minutes with no tools or air supply required. Comes complete with storage bag, slip fit frame, and white 12oz fire retardant rip-stop material, which has a 690psi burst strength and is ultra violet and mildew resistant. The translucent qualities of the skin material provides for a bright sunlit interior. The frame is constructed of 14-gauge galvanized steel tubing with slip fit ends for quick erection and disassembly. Unique ratchet skin tie-down system eliminates stress points and keeps the cover tight, lengthening the life of the skin.

Disaster Preparedness Kits

At Home.....

The Ark III (ISP-06)

Is a lightweight personal sized survival package that supports one person for up to three days. Each kit includes a "space blanket" plus a three day supply of food and water. Easily stored in a classroom, locker, desk, car or almost anywhere. Thousands of these units have been sold. With it's colorful packaging it makes a great gift. Low priced yet high in quality—there is nothing else like it!!

The Super Ark (SA-01)

Small but mighty, this compact unit has become one of our hottest sellers!! Created in response to consumer demand, this unit is a SUPER size of the popular Ark III kit. There already have been thousands sold. This kit is able to support one person for three days and includes over 30 items : food and water with a five year shelf life, a first aid kit, hand warmer, light stick, safety matches, candle and blanket.

Emergency Survival Kit (ESK-02)

Specially designed by a focus group, the ESKL-02 makes it easy to be prepared for life's little surprises. Each kit contains over 40 medical and general supply items including the Wallace Guidebook, which offers valuable survival tips and important emergency information.

This kit is designed to support bone person for up to three days. The ESK-02 carries a five year shelf life on food and water. It's affordable price make it a great choice as a premium/incentive item, corporate gift, or an employee award.

"Food, Water and Everything Else!!"

Two Person Emergency Survival Kit (ESK-04)

With over 75 items, the ESK-04 is the Big Brother to the ESK-02.

Designed to support two people for up to three days, the ESK-04 includes general and medical supplies with the addition of a quality AM/FM radio w/batteries included.

The ESK-04 also contains the Wallace Guidebook. More than a first-aid manual, this reference book includes innovative survival tips along with basic medical techniques and information.

Easy to Store and to Carry

Disaster Preparedness Kits

Survival Basics (SB-01)

Survival Basics—the name says it all!!

This kit has emerged as a favorite for gift giving or as an employee safety award. It is complete with food, water, blanket, flashlight and medical supplies. The Survival Basics is a true emergency response unit. It is small enough to fit in a locker, and sturdy enough to last well beyond its shelf life of five years.

This kit can sustain one person for three days, and although it takes up a small space, it will make a large impact on your preparedness and state of mind!

Great In the Car...At the Office

First Aid 'N Travel Kit (TK-01)

Finally—a compact complete travel unit for the person on the go!! This kit fits perfectly in a purse, briefcase, or glove compartment and is when you need it in first aid situations. This kit is very special because it is the only one of its kind to include a 4 oz. sterile water packet with a five year shelf life.

For First Aid While on the Go!!

Small Business or Family Support Unit (FSP-05)

No one likes to think about emergencies, and with the FSP-05 you don't have to!!

Designed to provide a small office or family with the basics for up to three days, the FSP-05 includes over 250 general and medical supply items. Its compact size makes it easy to store for quick and easy access.

Makes a Great Gift!!!

Traveling Anywhere...Anytime!

The Traveler (TRV-01)

Everyone from busy executives to sports enthusiasts appreciate "The Traveler." It is the perfect addition to any vehicle as the "Other Spare" to have on hand for life's unexpected moments.

This kit was designed to support one person for up to three days, it contains over 50 support items in a custom nylon carrying bag with reinforced straps.

"Ready to go Anywhere"

Disaster Preparedness Kits

Group Support Unit (GSP)

This kit was designed to support ten people for three days. It offers assurance when employees are unable to leave the workplace in an emergency.

The GSP contains over 500 items, including food and water with a five year shelf life, an AM/FM radio, emergency blankets and medical supplies.

Perfect for the Small Business!!

Outdoor/VIP Kit (PSP-01)

Whether your idea of adventure includes hunting, fishing or scaling an icy glacier, it is much easier to enjoy the great outdoors when you know you have the basics covered. The PSP-01 was designed by a team of survival experts. It can support one person for six days with an array of medical and general supply items. This kit is a search and rescue favorite!!

2 Person Kit (PSP-04)

This kit can be found almost everywhere. It is used in civilian, law enforcement, and military vehicles and aircraft. The PSP-04 is rugged and ready to face the toughest conditions. Just toss it into the trunk of your car and just like a spare tire, it will be there when you need it!!

This kit can sustain two people for three days with over 75 general and medical items. Packed with no nonsense materials, the PSP-04 will get you through any bad trip.

The Cure for a Bad Trip!!

Canadian-Alaskan Aircraft Support System (CA-20)

A favorite of Search and Rescue units, the CA-20 offers protection against harsh climates in the event of an emergency. It contains over 150 medical and general supply items to help sustain two people for up to 14 days!!

Wilderness Survival in a Special Space Saving Design

Disaster Preparedness Kits

Hurricane Survival

HSK-02 Hurricane Survival Kit

The Largest of our personal Hurricane Survival Kits with over 40 Emergency Items designed to support one person for up to three days. It's both Compact and economical and packed in it's own carrying case.

HISP-06 Ark III Hurricane Support Kit

More compact than the HSK-02 but still packed with the emergency items needed to support one person for up to three days!

Both of these Kits are very compact and economical enough to give one to each family member or anyone else you wish to protect in times of need!!

Disaster Preparedness

Blankets, Cold Pack, Guide Book, Kits & Sleeping Bags

ROV-01 The Rover

For Traveling, Off-Road Maneuvering, Climbing, Hiking or just answering the "Call of the Wild", the Rover-01 Outdoor Adventure Package Provides An Array of Basics in a Compact, Easy To Store, Travel Size.

COL-01 Cold Pack

Instant cold relief for injuries and insect bites

Need a Custom Kit?
We Can Do That Too!!

The Cocoon CC-01

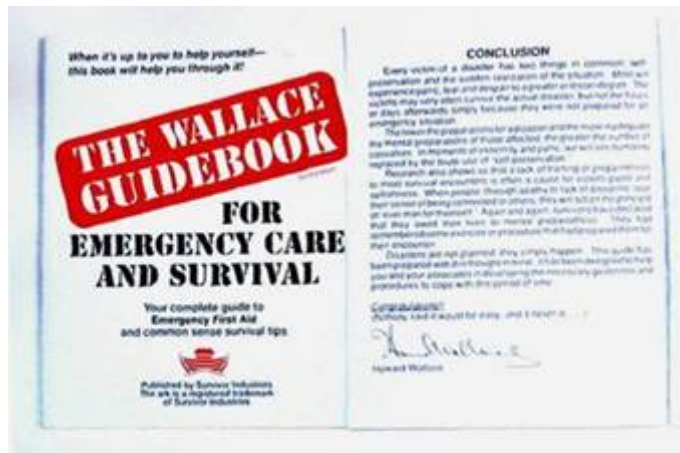

A "one size fits all" 84" x 36" sleeping bag that is small enough to fit into a purse! A lightweight, flexible reusable bag that provides protection from rain, wind, heat and cold. It retains up to 90% of body heat in cold weather. It reflects heat in hot climates and can be used to offset hypothermic reactions.

Emergency Blanket SIB-1

The same great qualities as the Cocoon but in a 52" x 82.5" blanket. Great for emergencies, camping and sporting events. The blanket is waterproof, reusable and weighs only 1.5 oz.

The Wallace Guidebook WGB-1

When an emergency occurs there may be confusion over how to best handle the situation. This guidebook will help not only with first aid but also many survival tips.
